Erasmus+ Internship

ERASMUS+ INTERNSHIP DESCRIPTION:

hands-on internship in the specific educational field of your students - ideal for young & creative students

This programme has been designed to fit the Erasmus+ goals and comes with many advantages:

- -your students will be able to work in the field of their education
- -your students will improve their language skills
- -your students will receive all Erasmus+ confirmations as well as a certificate
- -your students will be cared for by our local staff member

Erasmus+ Internship details

Students will practice specific professional skills

as a part of every Erasmus+ internship your students will join tailor made programs in order to boost their work specific skills (on request)

Corporate language: English

in all our destinations the language used during the internship will be English, this helps your students to communicate in an international work environment effectively

Hands on Internships with local companies

your students will work at a local company in their specific field They might go to work in small groups or by themselves.

Enjoy a great activity programme

Group will enjoy a great optional, tailor-made activity pro-gramme with excursions, company visits, sightseeing and events the activities are alle tested and approved by our internship groups as well as our "normal" language trips - get in touch for suggestions

All our locations are loved by students

Programme will take place in one of our best professional companies partners.

Included in Package:

- Accommodation in hostel / halfboard type
- Welcome Meeting on the first day
- -Internship finding & support including handling of Erasmus + documents and certificates by TravelEdventures Group-Leader
- -Travel card

PLEASE NOTE:

In order to organize the internships we need the Europass-CVs (English) of your students in advance. English-Level of your students must be at least B2!
